VISION

Leading public higher education institution serving the ASEAN community with quality, innovative, and culture-sensitive programs.

MISSION

- Provide relevant and responsive programs in Agriculture, Education, and other courses deemed necessary for the fulfillment of its vision.
- Undertake applied research, extension, and production services that yield workable and durable solutions to sector specific challenges, thus improving the socio-economic well-being of identified communities.

CORE VALUES

J ustice, Peace and Unity
H ope, Honesty and Humility
C redibility and Integrity
S ocial Responsibility and Interfaith Dialogue
C ollaboration and Shared Competence

LIBRARY MISSION STATEMENT AND OBJECTIVES

The key mission of the College Library is to support the teaching, learning, research, extension services, and in the promotion of quality life of the people of Zamboanga Del Sur and in the region. It is committed to provide accessible, cost, effective and innovative information services and programs.

The College Library exists to support the research; teaching and curricular needs of faculty; graduate and undergraduate students of the JHCSC community. Other current and emerging technologies will be provided as funding permits. User needs in the area of library service will be assessed periodically, and materials and programs will be provided to meet such needs. To achieve this goal, the library will:

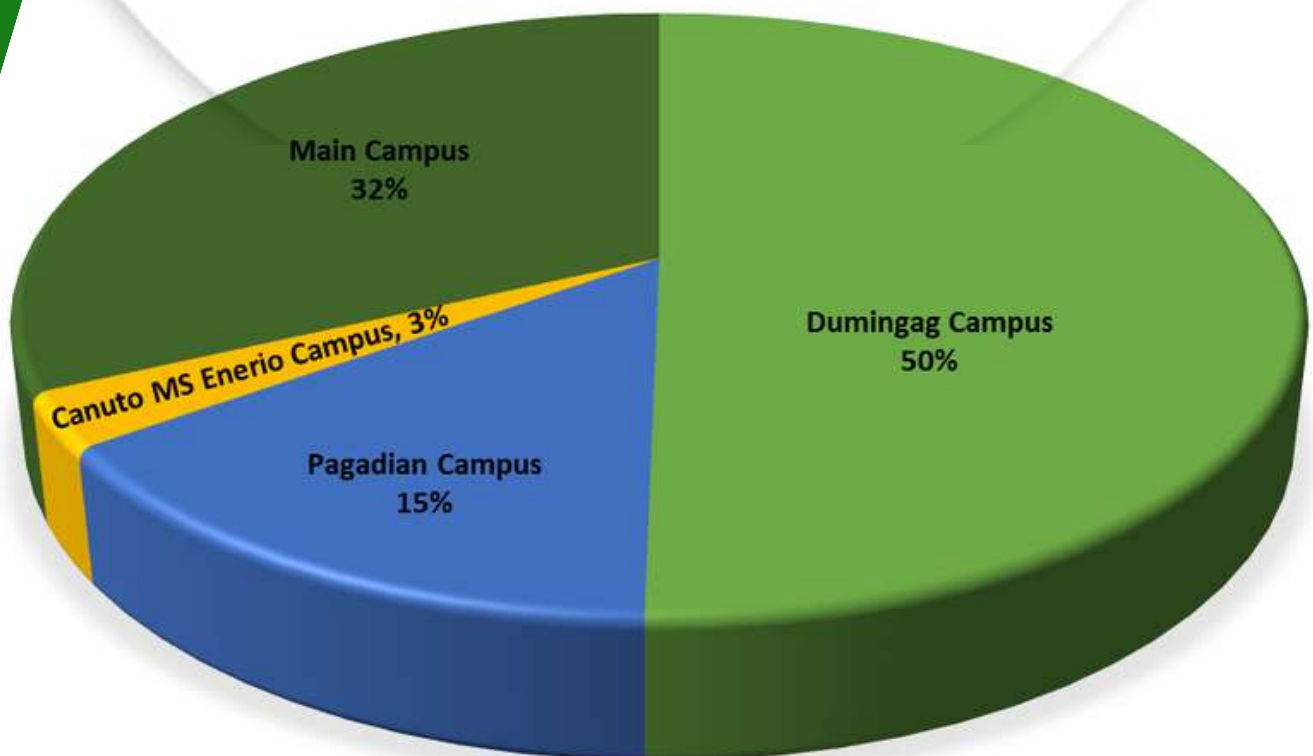

- A. Build collections to support current and future needs;
- B. Provide quality services and seek continuous improvement;
- C. Provide a safe and secure physical environment, which encompasses the best traditional library practices and state-of-the-art resources and study facilities;
- D. Listen and respond to costumers' needs promptly and efficiently;
- E. Treat all Library customers with fairness and courtesy;
- F. Provide appropriate training courses and guidance to enable each reader make the most productive use of all information resources; and
- G. Cooperate with resource sharing, research, and other initiatives at regional, national, and international levels.

COLLECTIONS

The library's primary concern is the selection, acquisition, and organization of library collections whether in print or non-print. the library acquired books, online resources, and other materials thru its funding source from Fiduciary and GAA share.

LIBRARY SERVICES

D. Electronic Books Delivery (thru email & FB messenger)

The service is designed to provide access to resources tailored fit to the request of the library users.

Students and faculty can email or send a message thru the FB page with their specific queries and deliver the document via email or FB messenger.

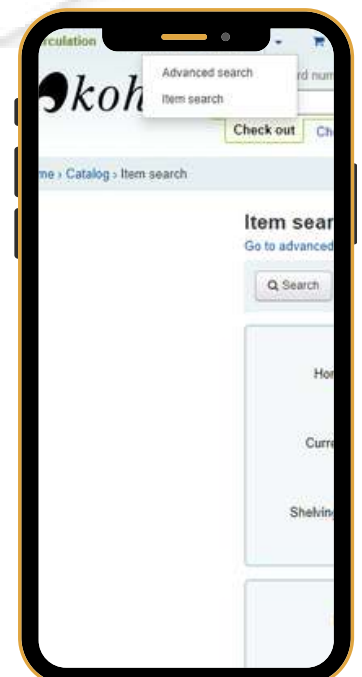

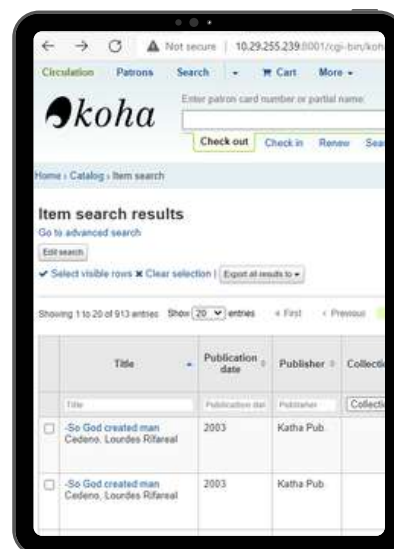

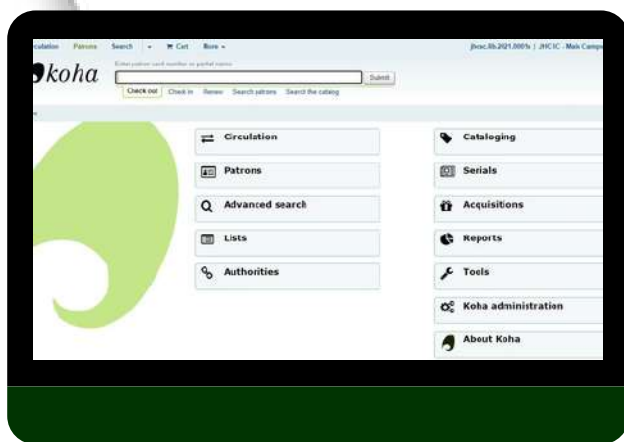

LIBRARY SERVICES

E. KOHA Library System

KOHA is an open-source integrated library system used worldwide by academic, public, school, and special libraries. The most advanced open-source Integrated Library System in use today by hundreds of libraries worldwide.

KOHA is a very useful library management system in providing various library services to users including circulation of library materials, cataloging, new arrivals, and many more.

LIBRARY SERVICES

F. Student Log-in System

The library is implementing a computerized log-in and log-out every time the students will make use of the library services, and the logbook is still provided to those who are not registered in the system. Thus, the library exercises the computerized log-in and out system of the students in the library to give an ease to the library personnel in getting the monthly statistics of the students.

Library Usage Count per Course

Library Usage Count per Month

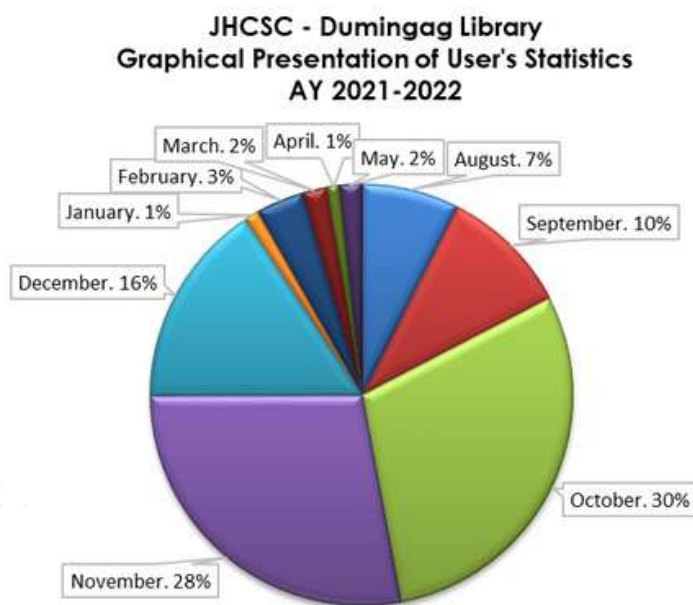

The table above shows the summary of book utilization from January to December 2022. As mentioned above, the month of September was the highest number of books utilized while the month of March recorded as the least number of books utilized. On the other hand, the most frequently borrowed books were under the Dewey decimal classification of 300- the Social Sciences in which Education and general education subjects are under this classification. It is followed by 500 (Pure Sciences) and 600 (Applied Sciences). where Math, Science, and Agriculture are located. While Dewey decimal classification of 200-Religion was the least utilized because there were only few collections and there was no specific subject offered under religion.
